

Superhero Service

In stories and movies, superheroes use imaginary powers to help people.

In real life, you can use your kindness to help others!

1. Decorate your mask and cut it out.

2. Poke two holes in the mask. Tie a string through each hole.

3. Put on your mask and go help someone in need!

Send us a picture of you doing service with your mask on!

Go to the back cover to see how.
