

MAKE YOUR OWN Heart Flower

Show your love for someone by making them this heart flower!

WHAT YOU NEED

- Paper
- Scissors
- Drinking straw (a stick, a pipe cleaner, or a skewer works too!)

1. Cut out four hearts.
2. Poke a straw-sized hole through the bottom tip of each heart.
3. Slide three hearts onto the end of the straw.
4. Fan the hearts out to look like petals. Add another heart underneath as a leaf.
5. Give the flower to someone you love!

"As I have loved you . . . love one another"
(John 13:34).
