

ACTIVITY SHARING IMPLEMENTATION

Overview

Activity Sharing is a tool that can help members love, share and invite by making it easy to invite friends to existing ward activities and Sunday worship services.

Leading the Activity Sharing Implementation

The ward mission leader (or counselor in the elders quorum) “supports the elders quorum presidency and Relief Society presidency in their missionary responsibilities” (*General Handbook: Serving in The Church of Jesus Christ of Latter-day Saints, 23.6.3, Gospel Library*) and coordinates the work of ward members and leaders to love, share, and invite (see *General Handbook, 23.1*).

In addition, ward leaders ensure that ward members are aware of the ward activity web page, invite their friends to attend, and welcome those who come.

Coordinating the Ward Activity Web Page

The bishop assigns a brother or sister to coordinate the ward activity web page. He may select someone on the ward council, a ward mission leader, a ward missionary, a counselor or secretary in one of the ward organizations, the ward executive secretary, the ward clerk, or an assistant ward clerk (note that a new calling should not be created for this assignment).

Following established safety guidelines (see *“Key Principles for Safe Activities”*), this assigned member publishes planned ward activities through the Church calendar and the ward activity web page using images and activity descriptions that relate to the community.

The assigned person also shares with the ward council and members of the weekly coordination meeting the list of people who have RSVP'd to ward activities and those who have requested to learn more about the Church.

Weekly Coordination Meetings

As part of the weekly coordination meeting (see *General Handbook, 23.4*), participants may discuss upcoming ward activities and how to help ward members share activities with friends, review the names of people who have RSVP'd, prepare to welcome friends, and make plans to follow up with people who express interest in learning more about the Church.
