

# EASTER LILY CRAFT

Easter lilies can help us remember Jesus Christ's Resurrection. Lily bulbs grow under the ground for a long time before they bloom in the spring. After Jesus died, His body was placed in a tomb. But after three days, He lived again!

Make your own Easter lilies by following these steps.

1. Trace around your hand on a piece of paper and cut it out.

2. Wrap it into a cone shape and tape closed. Leave a small hole at the bottom.

3. Curl each finger around a pencil.

4. Put a stick through the hole in your flower to make a stem. Tape the flower to the stick. Optional: Paint the top part of the stick yellow and the bottom part green. Add paper leaves.
