

# What Is a Temple Recommend?

The year you turn 12, you can meet with your bishop or branch president for a temple interview. If you both feel you are ready and worthy, he will give you a temple recommend. This piece of paper shows that you are worthy to go inside the temple.

- This will be the first temple in Papua New Guinea.
- Until it is open, members must travel by airplane to visit a temple far away.
- People in Papua New Guinea cheered and cried for joy when the temple was announced.
