

How Can I Recognize the Lord’s Voice?

Read the scriptures and fill in the second column. Reflect on personal experiences you may have had hearing the Lord’s voice in these ways. If something comes to mind, you could add it to the third column. If not, that’s fine; simply proceed to the next row.

This chart does not contain every way the Lord speaks to us. If you would like, fill in the last row with additional scriptures you know of or personal experiences you might have that illustrate another way we can recognize the Lord’s voice.
