

WHO LEADS THE CHURCH?

At the Helm
Color the picture. Who is at the helm of the ship, steering or guiding the Church?

HELM:
a wheel or lever that steers a ship

By President Henry B. Eyring
Second Counselor in the First Presidency

Jesus Christ is the head of the Church.

He leads His Church by speaking to His prophets. He speaks to them through revelation.

He gave revelation to His prophets long ago. He still

does. And He will keep doing so.

I bear my joyful witness that Jesus Christ is at the **helm**. He leads His Church and His servants, the prophets. ●
