How Unwana Follows Jesus

Jesus always respected His mother. Unwana respects his mother too. "I help my mother by washing plates. I sweep and mop the floor every morning," he says. "I am always glad when I complete my work. I know that Jesus Christ is happy because I am trying to be like Him."

Jesus asked us to learn of Him (see Matthew 11:29). Unwana learns about Jesus through songs and scriptures. "I set goals to sing a Primary song and learn from the scriptures each day," he says. He is also learning to play the organ. It takes lots of practice, but it's worth it! ●
