

# Activity Sharing Overview

*Mission Leaders and Missionaries*

# Activity Sharing Overview

- *Preach My Gospel* teaches that missionaries can help members to love, share, and invite by giving them normal and natural ways they can apply these principles (p. 168).
- “Inviting is often simply a matter of including family, friends, and neighbors in what we are already doing” (p. 168). Existing ward activities provide a simple and natural way to invite friends to join us (p. 170).

“There are hundreds of invitations we can extend to others. We can invite others to ‘come and see’ a sacrament service [or] a ward activity...”

**Elder Gary E. Stevenson**

*Preach My Gospel, p. 168*

# Activity Sharing

Activity Sharing is a technology that can help members invite friends to existing ward activities and Sunday worship services. It also allows people who are searching online for local activities to find them and RSVP.

# Activity Sharing Opportunities

1. Members and missionaries can discuss upcoming ward activities and ways to encourage members to share them in the weekly coordination meeting.
2. Friends found through ward activities should be attributed to “Church Activity” as the finding source in the Preach My Gospel app.
