Stewardship

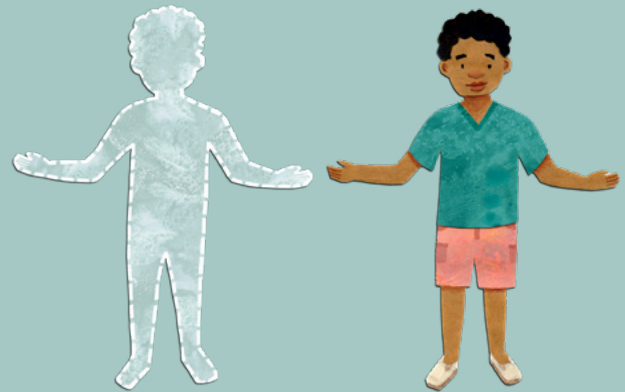

A **stewardship** is a responsibility to take care of something important. Heavenly Father trusts us with stewardship over the earth. This means that He asks us to take care of and protect His beautiful world.

Repentance

Repentance is how we turn to Jesus Christ when we make a wrong choice. To repent, we need to feel sorry for what we've done, ask for Heavenly Father's help and forgiveness, and try to fix it. Because of the Savior's Atonement, we can turn away from bad choices and make good choices instead.

Celestial Kingdom

The **celestial kingdom** is where Heavenly Father and Jesus Christ live. By choosing to follow Jesus Christ, we can live there someday with our families forever.

Resurrection

Resurrection is when your spirit and body come back together after you die. Once you are resurrected, your body is perfect, and you can no longer get sick or die. Because of the Atonement of Jesus Christ, everyone will be resurrected.
