## PRIESTHOOD KEY MAZE

President Russell M. Nelson recently taught about the importance of priesthood keys.<sup>1</sup>

For this maze, you have two keys that will each help you through one locked door. If you get from the start to the end using only one key, go ahead and call yourself a genius. If you get through using both keys—well, you're still pretty cool.

**NOTE**

## BRAINTEASER TIME

By the power of God, Joseph Smith translated the Book of Mormon into English from an unknown language.

This brainteaser may look like an unknown language, but don't worry—it's not. Just decide which one is different from the others. Simple, right? Maybe. *Maybe.*

OK, Son—if you plan on becoming a doctor, you can't pass out at the sight of blood.

## RESTORE THE DIFFERENCES

Jesus Christ restored His Church through the Prophet Joseph Smith. The image on the left is the "true" image. Help "restore" the image on the right to the original version by marking 10 things that have been lost, added, or changed.
