

# Family Services Leader Consultation

## Needs

Many people come to leaders seeking help on sensitive issues. Leaders may need professional insight and advice on how to give support. They may also need help to know when to refer someone for professional help.

## Description

Leader consultation is a free service for leaders needing to speak with a Family Services consultant. This can help Church leaders better understand the social and emotional needs and challenges of their members. Family Services consultants can also help Church leaders learn what resources exist. They can advise on how to move forward if a member needs professional help.

Consultation specialists in the United States, Canada, and a few other locations are licensed mental health professionals. They can help with issues of social and emotional health. International Family Services employees can direct leaders to resources in other nations.

## Who is this for?

Leader consultation services are for ward and stake council members.

## How it works

Leaders can get consultation help by sending a referral through the Family Services Leader Resources website (see the link below). Or they can get help by contacting their local Family Services office. Family Services can also help Church leaders find local community tools.

International: Call your area office.
